- The resort will bear no liability or responsibility for any of the following;
  - loss or damage of valuable items. We encourage you to store these in your room safe.
  - excursions or tours booked from agents on the beach
  - snorkeling on your own at sea, especially during bad sea condition
  - use of the parking facility
- There are no private beaches in Seychelles.

## WILD ENCOUNTERS

Seychelles islands is unique for having ideal living condition and home to a wide variety of endemic species of birds, small reptiles and insects. These harmless creatures enjoy the sun, sea and the natural wonders of paradise like you do!

### BRONZE EYED GECKO

From time to time I may visit you in the room to catch the little flies drawn to the ceiling lights. Do not panic I will leave after a full stomach. P.S. we are not crocodile.

### SEYCHELLES GIANT DAY GECKO

I am shy but I bet you would love a photo of me once you see me. My shade of green is simply irresistible. You'll spot me out on the trees up and about.

### INDIAN MYNA

My friends and I are very noisy. We sing a lot in the morning and at night before going to sleep. The locals think we are praying. One thing we do best is communicate.

### MADAGASCAR FODY

If you leave your food unattended we're having a bite. By the way, we come in two colors, red are males and females are grey.

### SEYCHELLES TURTLE DOVES

Not sure why they call us turtle and dove. Dove will do and we're always around munching on bits and pieces of food that fell on the floor.

### FRESH-WATER CRABS

Don't mind me - just passing through. Sometimes I like to take a closer look at the visitors around the resort. Although, I do bite if you try to touch me.

## SUSTAINABILITY

### REDUCE, REUSE, RECYCLE:

Use recycled products, Plastic Free, Encourage "Reuse and Recycle" of the paper, Composting, Segregation, Mobile App, Refuse The Straw.

### PROTECT WILDLIFE – FLORA & FAUNA:

Marine Conservation Society of Seychelles, Beach Clean Up, coral restoration project.

### REDUCE WATER CONSUMPTION:

Water saving faucets & fixtures

### ENERGY CONSERVATION:

Light timers & LED lights.

## MCSS PARTNERSHIP

- Guided Snorkeling Tour
- Coral rehabilitation project
- Adopt a coral
